

Photographer / Videographer

ARE YOU COMFORTABLE IN A SETTING WITH A CLEAR IDEA OF **OPTIMAL SHOOTING ANGLES AND LIGHTING**? ARE YOU FASCINATED BY CREATING **BEAUTIFUL PACKSHOTS**? ARE YOU EXPERIENCED IN **EDITING VIDEO AND POST-PRODUCTION OF IMAGES** QUICKLY, EFFICIENTLY, AND PURPOSEFULLY? THEN YOU MIGHT BE OUR NEW PHOTOGRAPHER /VIDEOGRAPHER, WHO WILL EXECUTE **PRODUCT PHOTOS AND VIDEO ASSEMBLY INSTRUCTIONS** IN OUR OWN PHOTO STUDIOS.

Innovation Living™ is one of the world's leading manufacturers of multifunctional furniture specializing in sofa beds. Based on proud Danish design traditions, we make new collections every year, which are sold through our more than 1500 retailers in 83 countries. We have more than 450 employees spread across Denmark, USA, Ukraine, and China. Your workplace will be at our headquarters in Randers, but you should be prepared to have some travel activity to both China and Ukraine a few times a year.

We are in a gradual process of transitioning to product photos made in 3D, but we still need product photos and video assembly instructions as the basis for our 3D packshot production. Therefore, we are looking for a skilled and efficient photographer/videographer who can handle the tasks that arise in this context 2-3 days a week.

You will be part of a well-functioning marketing team with an informal tone, good humor, and high spirits. All of us share a common desire to contribute to a well-functioning workplace, where we help each other with both large and small tasks to meet deadlines.

We are experienced in photo/video production, so you will have a professional setup to work in. You will have broad internal contact and become the company's go-to person for photo and video. Of course, with full backup from the marketing team, which today prepares and handles the productions.

Your tasks:

- Video production of product and functional videos in the studio and environment
- Product photos of furniture in connection with catalog production and 3D materials
- Photo documentation for the development department in connection with product development
- Color adjustments of images and video material
- Other tasks in collaboration with the team when required

Your skills:

- Independently handle technical challenges with both camera and lighting
- Work comfortably in Adobe Photoshop and Adobe Premiere
- Familiar with the Office suite, and if you have knowledge of CMS systems, it is an advantage

About you:

- Perhaps a retired photographer who misses contact with the job market
- Freelancer who would like to have some fixed hours in the calendar on contract
- Can work independently with photo and video production
- Understands that the best solutions are achieved by working as a team
- Flexible and ready to help where there is a need in the team
- Good humor and self-organizing
- Fluent in Danish and English in writing and speech

An international workplace with an informal environment

We are an informal organization that works across disciplines and borders, and you will have the opportunity to directly influence your own tasks.

The position is part-time at approximately 16 - 22 hours a week.

We will interview candidates continuously and will decide as soon as we find the right profile. If the position appeals to you and you would like to be an active part of Innovation Living™, then send your application, showreel, and CV to Head of Marketing, Anne Østrup Hansen at anne@innodk

All applications will be treated confidentially.

Start date: When we have found the right candidate
